Enclosure: (1) [redacted] Secret Proposal 93FR
Serial: MV-00-386 25X1A

Dear Sir:

[redacted] is pleased to submit herewith as enclosure (1) its proposal [redacted] spares 25X1B kits, training program, antennas, test carts, ten (10) destruct systems and appropriate handbooks in response to your request for quotation submitted by references (a) and (b).

This quotation is submitted on the basis that this program will be conducted as a direct follow-on to the production program for similar systems which is now in progress under Contract No. [redacted] for another department of the U. S. Government. Further it is assumed that these systems will have the same specifications and will have incorporated in them at the outset the same techniques as found in the system (500 series) of the aforementioned production program. It is also assumed that the system configuration and vehicle interface problems will be essentially the same as found in the present program.

This material contains information affecting the National Defense of the United States within the meaning of the Espionage Laws, Title 18, U. S. C. Section 793 and 794. Its transmission or the revelation of its contents in any manner to an unauthorized person is prohibited by law.
